Five Twocock Brothers Serving The Empire

WILLIAM NORMAN

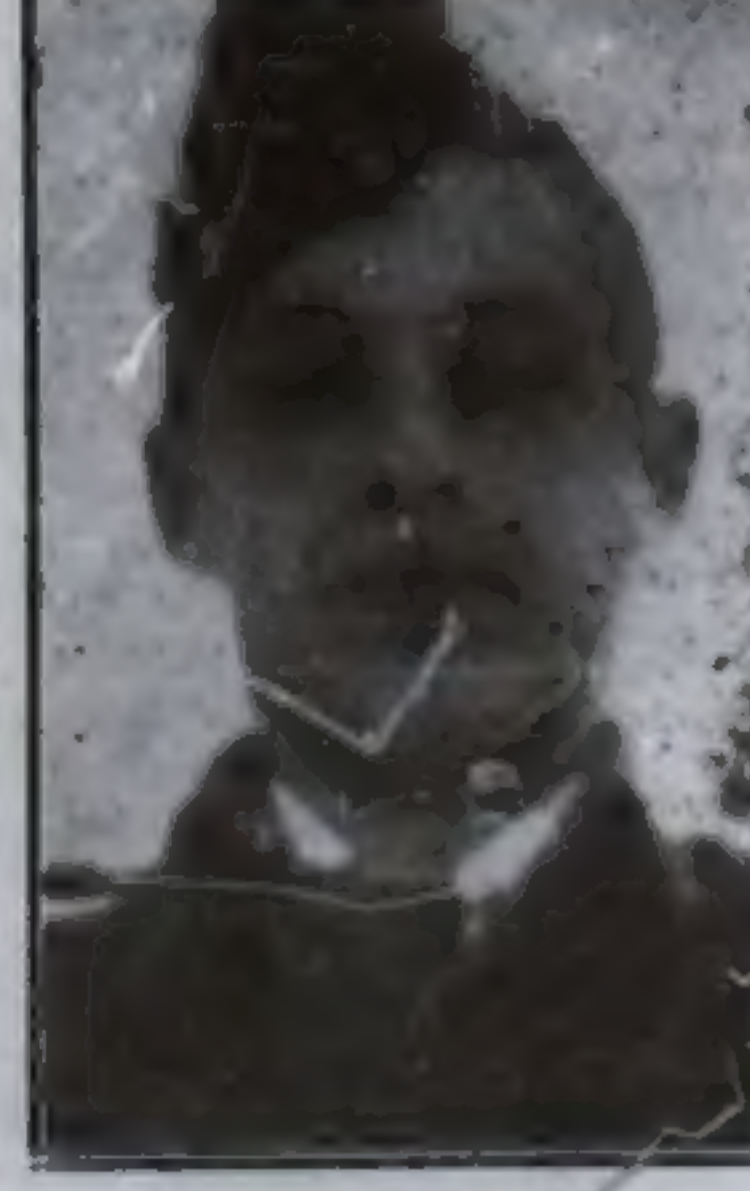

GEORGE

ROBERT

DONALD

EDWARD

Pictured above are the five fighting sons of Mr. and Mrs. William Alfred Twocock, 44 Depot street, all in the army and by so being, are rigidly upholding the family tradition of defending the Empire. The Twocock family came to Canada from England in 1912 and settled in the Kirkland Lake district and moving to Grimsby about five years ago. The great-grandfather of the boys was a Barge Pilot on the River Thames and was a State Bargeman for Queen Victoria. The grandfather, William, who resides in the Mansion apartments, was also a River Thames Pilot and was on service in Canada in the last war with the 166th Batt. The father was overseas with the 75th Batt. and served three years in France with the 60th Batt. of Montreal, being wounded three times.

The boys pictured above are:

WM. NORMAN, 25 years old a driver-mechanic with the 2nd Field Co., R.C.E. He enlisted March 22nd, 1940 and went overseas in May of that year.

GEORGE, 23 years old, driver-mechanic with the 2nd Field Co. R.C.E. Enlisted 22nd of March, 1940, and went overseas in May. He took part in the Dieppe raid, was wounded and is now a prisoner of war in Germany.

ROBERT, 22 years old, is a radio operator. Enlisted June 28, 1940 with the Simcoe-Gray Forresters. Is now with the 2nd Field Co. R.C.E.

DONALD, 21 years old. Enlisted May 25, 1941. Is a Private with an Anti-Aircraft battery and was through the terrific Croydon blitz.

EDWARD, 19 years old. Enlisted Sept. 2nd, 1941 at the age of 16 years and succeeded in getting overseas with the R.C.R.'s. The older brothers made application for his transfer to the Engineers so they would be all together and that is when the authorities caught up to him and he was sent home as he was too young for overseas service. He is now a Sergeant with the Edmonton Fusiliers, stationed at Niagara.

PEACH GROWER HAS NEW IDEA

Michigan Producer Has An Unique Method Of Thinning Peaches That Has Proved Most Successful Over a 14 Year Period—Does Work In Fraction Of Time Taken By Hand Method At Greatly Reduced Cost.

BENTON HARBOR, Mich., July 8. — Kenneth Johnson, one of the most successful fruit growers in Berrien County, has his own method of thinning peaches — one that he has been using 14 years, and which takes only a fraction of the time required by usual methods.

Johnson's "home attached to a spruce pole" method is being adopted by growers now that H. D. Hootman, secretary of the Michigan State Horticultural Society, has issued a warning to thin the crop despite the "scarce and high-priced labor."

Johnson did not approve of the plan of "clubbing off the fruit." "It's too much like beating a blind bull with a base ball bat," he said.

Johnson cut an 8 1/2-foot spruce pole. He slipped a 10-inch piece of light spray hose over the sharp pointed end of the stick. He keeps the resilient hose bent as much as possible and knocks off peaches here and there by tapping the peach he wishes to remove with the end of the hose. He strikes with the slant of the leaves and thus avoids harming leaves and twigs.

Johnson stands on the ground (Continued on page 7)

NAZI PROPAGANDA EFFORTS GIVE CANUCKS GOOD LAUGH

Fighting Men Find Hum Air Dropped Pamphlets Are Funnier Than Newspaper Comic Strips — Look Forward To Their Arrival Every Day.

"FLYING COFFINS"

According To Heinie "There Is No Hope For Allies To Win The War — Do You Want To Be Sacrificed In Vain?"

Canadians in Italy are wondering how the German armies can reconcile full retreat with the contents of propaganda leaflets left behind for the advancing Allies. The leaflets abandon all hope for the success of Allied arms and hold out the promise of "nourishing food and a happy return to wives and families," to those who will give themselves up. If they did want to give themselves up, the Canadians point out, they'd have to overtake the enemy to do it.

Ger. Ian Murdoch, with a field survey regiment in Italy, has sent one of the latest of the leaflets back home. He is the son of Mr. and Mrs. E. Bruce Murdoch of Grimsby, and his wife and kiddies reside in town.

Distributed around the time the Hitler line was breached and the German armies reeled back, the leaflets feature this legend in bold red type: "Your widely advertised advance in Italy has become a war of inches." Following this up the author reports: Your illusions were shattered by our troops... and they have become harder still to (Continued on page 7)

Killed In Action

Cpl. Carman Hurst, 29, of Grimsby, son of Harvey Hurst and the late Mrs. Hurst, is reported killed in action in the fighting around Caen.

Born in Grimsby, he was employed at the Farrell Basket Factory at the time of his enlistment. He was married to the former Mary Eubersky, now of Hamilton, before proceeding overseas in July, 1940.

Besides his father he leaves one brother, Pilot Officer Roy Hurst, D.F.C., and one sister, Mrs. William McIntyre, of Grimsby.

War Causes Some Queer Happenings

Copy Of Independent That Told Of Commander Rayner's Naval Battle Gets A Ducking In The Atlantic.

War and all its side issues produce many queer tricks.

This week The Independent had returned to this office by the Postal Department a copy of the paper of May 4th. The address was obliterated, hence the Postal Department could not deliver it to its destination overseas.

The wrapper and paper had been badly soaked with water and stamped on the wrapper was the explanation "Damaged by Immersion in Sea Water."

This particular issue of the paper carried two wood type six column headlines, "Grimsby Boy Wins Naval Battle" and the story told about Commander Harold B. Rayner, D.F.C., and his Tribal Cruiser Huron sinking a German destroyer. Yet a batch of overseas mail must have been sunk and salvaged. But that is what happens in war. The very paper that carried the story of Commander Rayner's feat on the high seas was itself immersed in the Atlantic.

Lions Carnival Is Huge Success

All Records Broken — Municipal Grounds Crowded To Over Capacity — Mammoth Bingo Was A Bright Idea.

Lions carnival has come and gone for another year and it was without a doubt the largest and best two nights of fun and frolic that the local club has yet conducted.

Public patronage was very large, particularly on the second night when the municipal grounds were crowded to capacity and overflowing at the edges. As usual the Ferris Wheel and the Merry-go-Round were the big attractions and they carried more people on each night than ever before.

Bill Hewson and his mammoth Bingo did a tremendous business and handed out a lot of choice prizes. Several double prizes were (Continued on page 7)

Long Service

C.Q.M.S. GEORGE WARNER, C.I.C., veteran of World War I, who has been awarded his Canadian Efficiency Medal. He has two sons and a son-in-law in the services.

Alberta Member Visits Grimsby

Anthony Hlynka, M.P. For Vegreville Lectures In St. Mary's Hall — Church On Mountain Has New Vicar.

On Sunday, July 16, 1944, Mr. Anthony Hlynka, M.P. for Vegreville, Alberta, appeared with his charming young wife of Toronto, for his first lecture in St. Mary's Parish Hall, Grimsby. The occasion for the lecture was the transfer of the Basilian Fathers' vicariate to Rev. Mark Romanovich, O.S.B.M., S.T.D. The new vicar who is assuming duties as professor of Sacred Theology, was formerly editor of the well known, America and Canada wide Ukrainian newspaper, "The Light", which is published bi-monthly at Mundare, Alberta. He succeeds the Rev. Fr. Bernard Dribbenky, O.S.B.M., the former vicar who acted as professor of Philosophy here in the past year.

High Mass which was celebrated by the new vicar Rev. Fr. Romanovich, O.S.B.M., assisted by the Basilian Brothers' choir under the direction of Bro. Plato Boroka, O.S.B.M. At Mass Father Romanovich spoke his first sermon to the Grimsby parishioners of St. Mary's (Continued on page 7)

CALLING FOR TENDERS FOR NEW HOSPITAL ALTERATIONS

Main Street Gets Its Face Lifted

There Is A Regular Epidemic Of New Store Fronts Being Built — Old Ones Getting New Paint Coats.

Stores fronts on Main street are undergoing a lot of changes these days. What with the fronts that are finished and the ones that are yet to be done, one can really say that the old street is getting its face lifted in no uncertain manner.

One of the finest fronts to be found anywhere in the district has been put on the store of Theat Bros. The entrance to the store is very wide with doors that work on the "in and out" principle. The whole front is done Vitrolite, with the main body in white and the trimming being in red and black. The windows constructed in a rather peculiar shape are encased in chrome steel. The same type of a front is being placed on the shop of West The Barber and when finished will give these two places of business a real cityfied appearance.

The new vitrolite front on the store of Jarvis the Baker is completed. It is white with light blue trim and dark blue lettering con- (Continued on page 7)

Many Properties Changing Hands

Dr. McIntyre Purchases Fine Building Lot On Anderson Plot — Newspaperman Returns To The Fruit Belt.

Real estate in the town and district continues active and the local agents report that there are a great many deals pending that will be closed up in the very near future.

Dr. A. J. McIntyre has purchased 80 feet of frontage on the Anderson property, Main street east, next the Grimsby Garage, with a depth of 200 feet, from Geo. Evoy. The Doctor will erect a residence and office on the property after the war.

Postmaster Smith of Grimsby Beach has disposed of his fine brick house and five and a half acres of land on Park Road to Bert Loussberry of North Grimsby.

(Continued on page 7)

Plans And Specifications May Be Seen At Village Clerk's Office, Beamsville, or Metal Craft Co. Office In Grimsby.

A MODEL BUILDING

Tenders Must Be In By Aug. 5th—Expected That Building Will Be Ready For Occupation Early In The Autumn.

Citizens of this district will be interested and pleased to know that tenders are invited for alterations and construction at the West Lincoln Memorial Hospital.

On another page the notice sets out that tenders may be delivered to the Secretary, Mr. B. H. Scott, Grimsby Beach, up to noon August 5th, 1944.

Contractors may bid on any section or on the job as a whole. Plans and specifications are open for inspection to the public at the Village clerk's office, Beamsville, and at the office of The Metal Craft Company in Grimsby.

Recent announcements have been made of Hospital building and planning in Hamilton and Oakville, all of which fits into a master plan to provide these much needed facilities in this district, and in which we will be self supporting.

It is interesting to follow the development of this undertaking, which was first launched as a (Continued on page 7)

Huron And Tartar Take On 5 Nazis

A British Port, July 17 — Faced by her top-scoring sister destroyer Haida, H.M.C.S. Huron, commanded by Cmdr. H. B. Rayner, D.S.C., R.C.N., of Grimsby, Ont., put her battle record up one notch by teaming up with H. S. Tartar and taking on five enemy trawlers recently off St. Malo harbor.

The Huron sighted the enemy ships close to the shore and immediately opened fire. The trawlers offered no opposition and retired in disorder under cover of a smoke screen to hide among some coastal islands. The Tartar reported both she and the Huron scored repeated hits until heavy shore batteries made the waters unhealthy. Shrapnel splinters splattered the Huron during the chase and two men were slightly wounded.

Honesty Proves The Best Policy

Little Billy Wilson Turns In Purse He Found On Carnival Grounds And Is Well Rewarded.

There is one young lad in Grimsby who has proved most conclusively that Honesty is The Best Policy and as a result he is 250 richer today than he was a week ago.

This boy is Billy Wilson, son of Charlie Wilson of Hamilton and a grandson of Edward and Mrs. Lampman, John street.

Billy attended the Lions carnival on Friday night and during his ramblings about the grounds found a lady's handbag containing a sum of money and the many other valuables usually to be found in a lady's miniature suit case. He was not tempted by the money but im- (Continued on page 7)

Here Is A Real Irish Scotchman

You ask, how can an Irishman be a Scotchman? By being born in Ireland and going to Glasgow.

Scotland as a baby, like the one pictured here. Davey Thomson, general manager of the Grimsby Hydro System. After learning all there was to learn in and about the Land O' Heather he came to Canada in 1910, landed in Hamilton where he went to work for the Hamilton Bridge Co. Later joining the staff of the Pure Milk Co. In 1917 the Dominion Power and Transmission Co. were seeking good men for their sales dept. and secured the services of Davey. For eight years he had charge of the Burlington Beach area. Was transferred to Grimsby in November 1925 and has been here ever since and will likely remain here for the next 100 years. Is married and has one daughter. Member of Union Lodge No. 7, A.F. & A.M. and is the Cub member of the Lions Club.

Mainly For MILADY

Feminine Food Tastes

A strange fact in feminine tastes for food has been found out in English war factories, by a study involving 12,000 workers. The women prefer snacks to a hot meal, particularly on the night shift. In one survey 70 per cent. of the women ate two sandwiches and two cakes and drank a cup of tea while only 4 per cent. ate the complete hot dinner which only cost six cents more. The remaining 26 per cent. took either the full meal's meat or pudding but insisted on the cakes and tea. A hot meal in the morning was not so unpopular for most of them as the hot breakfast provided when the night shift was over. The outstanding fact, however, was that, take it all in all, women prefer a bit of this and a bit of that to a real meal. If it is to lose weight, they achieve their purpose. It was found that women in engineering factories where the work was heavy, lost weight.

Bride Caimly Vows 'I Will'

Somewhere in Southern England, July 12—The "all-clear" was sounding as the bridal car arrived at the blast-damaged church. As the young bride reached the altar the sirens began to wail again, but apart from a slight tenseness in the congregation the service started. As the bride was making her response "I will," the drone of a flying bomb was heard. There was no sign from clergy or congregation of anything unusual, but an almost imperceptible sigh was heard as the sound of the bomb was heard about a mile away. The organist began the hymn, "Praise My Soul, the King of Heaven," and everyone sang in the hope the bridal pair would not hear the approach of another flying bomb. It passed over. The service ended.

The bride and bridegroom and relatives posed for the bridal pictures in the sanctuary—hoping that the photographer would not be too long in arranging the party. Pictures taken, the couple drove off and the congregation dispersed.

The Nazis will never understand the British.

Children Here And In Europe

A mother in Canada knows that she can take her children to the beach on a summer day, where they can dig in the clean sand, wade in shallow water... picnic on wholesome food, bread, meat, eggs, oranges, milk, lemonade—and perhaps have an ice cream cone to top off the lunch.

A mother in Europe does not ask for butter for her children—she only asks for bread.

A mother in Europe knows that scores of schools have been bombed while the children were in them, and little ones running along the sunlit streets have been machine-gunned to death.

A mother in Canada knows that her children will receive not only lessons in arithmetic, spelling, reading and social studies, but precious lessons in kindness, honesty and good-will toward all.

A mother in Holland knows that her children are being taught hateful ideas by the Nazi teachers who have been sent there to train their minds in hate and murder, and the little Dutch mother wonders fearfully how much of this evil teaching she will be able to undo.

A mother in Canada knows that she can buy shoes for her children, warm clothing for winter, even toys at Christmastime. She knows they can have medical attention and dental care and good food and plenty of it.

A mother in Greece hides her face because she cannot bear to watch her child die of slow starvation, and prays daily for the deliverance to come before it's too late.

A mother in Canada knows that her boy has the right to develop his talents and work out for himself a way of life according to his gifts and inclinations. He can build bridges or planes, paint, write music or get a little business of his own on a quiet street and live to a large extent as he chooses.

A mother in Germany knows that the State will direct her child's welfare as it sees fit. It can make him spy on his own parents, train him in cruelty and hate, teach him that virtue and honour are dead upon the earth, and turn a gentle little boy into a storm trooper with a lust for blood that nothing but blood will satisfy.

A mother in Canada can pray openly in her church, sing hymns, enjoy the blessing of worship as her heart directs.

A mother in Norway must teach her children religion secretly for fear of concentration camps and keep her peace for fear of reprisal for her family and friends.

A mother in Canada bears her children with pride and joy... but in conquered Europe a coming baby is regarded with dread and despair, knowing that there isn't enough food or clothing even for those they have now.—Edna Jacques

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economics

Hello Homemakers! Mixed words may help sweeten a "sour" man but they don't have any effect in jam making. So use sugar. Use accurate amounts of sugar so that none is wasted. Use fruits that cook to a jam consistency readily—these are currants, gooseberries, crabapples, grapes, tart plums, strawberries, apricots and cranberries. When you use smaller amounts of sugar longer cooking is required. During this precarious stage the cooking mixture should be kept boiling constantly and stirred frequently so that the jam will not be tough or scorched.

A few more points to keep in mind when making jam are:

1. Use fresh, clean fruit.
2. Use a mixture of one cup ripe fruit to two cups under-ripe to increase the pectin necessary for jelling.
3. Cook no more than three or four quarts of fruit at a time.
4. Warm the sugar in a preheated electric oven to speed up the cooking of jam.
5. Boil constantly and test for jelling point. The experienced method requires correct observations. Lift a spoonful of the cooking liquid and allow it to drip slowly from the edge of the spoon. As the mixture nears the jelling stage it will form two distinct straight-edge drops. Test repeatedly. When the two drops tend to pull together the jam is done. Remove from the electric element at once.
6. Have containers sterilized and hot when filling.
7. Cool and seal with paraffin—pouring around the edge of the jam jar first. Cover with metal cover, if possible.

GOOSEBERRY JAM
2 quarts gooseberries, 4½ cups sugar, 1½ cups water.
Wash gooseberries, then top and tail. Simmer fruit and water 10 minutes. Add warmed sugar and cook for about one-half hour. Test for jelling stage. Pour into clean, hot jars. Makes 3½ pints. This jam is quite thin when hot but it thickens when it cools.

RASPBERRY JAM
4 quarts raspberries, 6 cups sugar, ¼ cup cider vinegar.
Crush fruit and simmer 15 minutes. Add sugar and vinegar. Cook for about 30 minutes. Pour into clean, hot jars, cool and seal. Makes about 7 jam jars.

BLACK CURRANT JAM
4 quarts black currants, 2 2/3 cups water, 3½ cups sugar, 1½ cups honey.
Wash, top and tail currants. Simmer fruit and water 10 minutes. Add sugar and honey. Cook, skimming frequently, about 15 minutes. Test for jelling stage. Pour into clean, hot jars. Yield 14 small jam jars.

Take a Tip
1. Unsweetened fruits are processed the same length of time as fruits with sugar.
2. Although sugar is the cheapest form of sweetening, honey may be used to replace one-half as much of the required sugar, or corn syrup may be used to replace as much as ¼ of the required sugar. Do not use brown sugar or unrefined sorghum.
3. It is unwise to use a board or towel in the bottom of a water bath, as it prevents even circulation of hot water around the jar. It is wise to use a wire rack or strips of wood, e.g., shingles.

Question Box
Mrs. J. C. McRae says:
1. Dill water should not be used for washing refrigerator trays. (A warm tray will cause the refrigerator to operate longer than necessary).
2. Fruit should be spread on a platter and kept in the upper part of an electric refrigerator.
3. If you can't buy a pot scraper, do as I do—place a 5" piece of clean cotton in the bottom of the teakettle where lime will form on it is about a week. This will make a good scouring pad.

CHEESE STRATA (Suggested)
12 slices of stale bread, ½ lb. Canadian cheese, 2 2/3 cups milk, 4 eggs, ½ tsp. salt, pepper and paprika.
Trim crusts from bread and arrange slices in the bottom of a greased baking dish. Slice the cheese and place on bread; cover with the remaining slices of bread. Beat eggs slightly, add milk and

Social Events ★ Personals ★ Organizations ★ Club Activities

Milton Lawson, Dundas, was a visitor to town on Tuesday.

Mrs. Ian Murdoch, Leslie and Sandra are visiting in Montreal.

Mrs. Ferrie has returned from a week's holiday in the north country.

A. Dean and Mrs. Fogg of Nassau, Bahamas, are holidaying with Mr. and Mrs. Craig, Lake Road.

Miss Beverley Woodcock is visiting in Ottawa with her aunt and uncle, Sqdr.-Ldr. Hugh and Mrs. Merritt.

Cameron Sutherland of Fort Colborne, accompanied by his son P.O. Donald Sutherland, R.C.A.F., visited with friends in town on Monday.

Mr. H. Coats has received word of the death in England of his father, on May 31st, aged 94. Mrs. C. Campbell of Hamilton, and Mrs. Mike Sweet of Grimsby, are granddaughters.

Mr. and Mrs. Ed. Smith and son Lee, Mrs. T. J. Buttle, and Mr. and Mrs. Alfred MacMillan, motored to Toronto on Sunday to meet Sgt. A. G. Morris Smith, recent graduate of Mount Pleasant, Prince Edward Island.

Has Passed Mary Milestones

A grand little lady celebrated a birthday on Sunday last in the person of Mrs. Conrad Shafer, 19 Murray street. It was the occasion of her 82nd anniversary. Surrounded by her sons and daughter, and visited by many friends, she had a very happy day indeed.

Born Emma Voight at Hawkesville on July 18th, 1862, she was married in 1885 to Mr. Shafer of Ayrton, and they came to Grimsby in 1907. Mr. Shafer worked at his trade of carpenter for the D. Marsh firm.

The little lady is bright and fresh and very active. She possesses all her faculties except her hearing and is very interested in all that is taking place in Grimsby and the Dominion.

A grandson, O.E. Bruce Shafer, R.C.N., stationed at St. Hyacinthe, Que., managed to get home for a few brief hours on her natal day.

Her children are Gordon, Harvey, William and Richard of Grimsby; Addison of Mendville, Pa.; Herman of Montreal and Mrs. Gerald Carson of Grimsby.

A. R. "Buddy" and Mrs. Glabe are holidaying in the North country.

Mrs. Edith Bakke and Miss Christie of Toronto are village inn guests.

Pte. Audrey Atkinson (Robertson) has received her discharge from the C.W.A.C.

Corp. Ella Robertson, C.W.A.C. is visiting with friends in Buffalo and Jamestown, N.Y.

Mrs. John Grant and Mr. Page are leaving for Fulton, N.Y., to visit for two weeks with their brother.

Miss Joyce Mogg, who is taking the summer course at London Normal School, was home for the weekend.

Pte. Ernest Stuart, R.C.O.C., has returned to London, after spending a few days with his family, Ontario street.

Father I. Lesluk, O.S.B.M., of Grimsby left on July 17th for Mundare, Alberta to visit his father who is very ill.

Am't-Town Clerk Armand and Mrs. Hummel are at Port Elgin for a week.

Mrs. Genevieve Groff and Miss Madeline Flanchard are holidaying at Port Elgin.

J. H. Culp, local C.P.R. agent, is in the Ferry Sound district on relieving telegraphic duties.

Miss Mary Dehage of Toronto is spending a two weeks' vacation with Miss Stella Konopski.

Miss Betty Caverhill, Toronto, is holidaying with her mother, Mrs. Powell, St. Andrew's avenue.

Mrs. David Copeland, New Philadelphia, O. is visiting with her son, Mr. Benjie K. Moore.

Mrs. Sam Levine, Irvine and David have returned home from a pleasant two weeks' vacation at Crystal Beach.

Miss Billie Warner of Hamilton spent her holidays at the home of Mr. and Mrs. G. W. Crittenden, Grimsby Beach.

Sea Cadets Robertson, Frazier and Phipps are at the Princess Alice Sea Cadet camp at Midland for two weeks.

Wm. and Audrey Hewson, Dr. J. H. and Mrs. MacMillan, are at their summer cottage on Balsam Lake, this week.

Mrs. H. E. Jarlow and daughter, Marylou, are spending a vacation with her father, Mr. Frank L. Neale of St. Mary Manor, Long Island, N.Y.

L.A.C. Arthur Feltz, R.C.A.F., and his wife returned to the West Coast last night, after spending two weeks' furlough with his parents, Mr. and Mrs. Fred Feltz, Mount's Road.

Mr. and Mrs. T. J. Dymond and family are spending three weeks at their summer home, Woodmere, on Lake Roscoe, in Muskoka. Miss Wills and Mr. Donald Pettit will spend a short holiday at Woodmere.

L. A. W. Margaret Graham, R.C.A.F. (W.D.) granddaughter of Sam and Mrs. Hunt, Brimford, former Grimsby residents, has been posted to Washington, D.C. after having received her Basic Training at Lockport. Graduating from No. 10 T. S., she was posted a year ago to No. 3 Training Command, Toronto. Prior to her enlistment she was with the personnel of the Steel Co. of Canada.

Joe and Mrs. Waites and the Gladhill children are at Balsam Lake for three weeks' holidays.

Mr. and Mrs. J. E. McIntyre of Hamilton, spent Sunday with Wm. and Mrs. McIntyre, John street.

L.A.C. Bill Feltz, R.C.A.F., Malton, spent the weekend with his parents, Mr. and Mrs. Fred Feltz, Mount's Road.

Miss Doreen McIntyre is spending a week's holidays with her grandparents, Mr. and Mrs. J. E. McIntyre, of Hamilton.

Corp. Robert McClelland leaves Saturday for Clovis, New Mexico, having been called home to attend the funeral of his father, the late John McClelland.

Mrs. F. H. Anderson and son Merritt, are in Gaspé, Que., visiting her husband, Chief M. M. F. H. Anderson, R.C.N.

Leslie Stewart, Department of Transport and Airways, returned home on Monday, after spending seven weeks in Saint Ste. Marie.

Andrew Swayne who has been confined to his bed for over a year is now able to be up for a few hours each day and walk around the house.

L.A.C. Jas. Alchurst, R.A.F., of Mount Hope, formerly of N.E. Bealingshoke, Hampshire, and L. A. C. Alfred Wynn, R.A.F., alias of Mount Hope, formerly of London, England, spent the weekend with Mr. and Mrs. Wm. Sangster.

Miss Marjorie Morton visited friends in Niagara Falls, N.Y., last week.

George and Mrs. Wilson of Toronto, are vacationing with Mrs. Arthur Hayhoe, Elizabeth Street.

Miss Nancy Morton is attending the Toronto Girl Guide camp at Hawkesville, Ontario, for ten days.

Corp. Ella Robertson, C.W.A.C., Montreal is spending her furlough with her parents, James and Mrs. Robertson, Robinson street north.

S. R. and Mrs. Letson attended the wedding on Saturday in Kitchener, of the latter's niece, Miss Pearl Pich to Sgt. Pearson Cairns of Galt, in St. Andrew's Presbyterian Church.

Donated Quilt

This Spring a very beautiful quilt was made by Mrs. Helen Book, of Grimsby Beach, and generously donated to the Eaton Employee's War Auxiliary in Toronto, for the purpose of raising money for war work.

Proceeds on the sale of this quilt amounted to \$184.20, and Mrs. Book is now in receipt of a very grateful letter of thanks from the President of Eaton Employee's War Auxiliary, enclosing a photo taken at the time of the draw, showing the lucky winner holding the quilt.

CLOVELLY F.S.P. CAMP NEWS

Two and one-half miles west of Grimsby stands the old "Clovelly" home. The last three years have been lonely years for this old building, bereft of occupants. Then the war cast its grim shadow over the slumbering halls. In a short period it was transformed into another new and necessary O.P.S.P. Camp. During the summer months it has become the headquarters of 55 busy farmerettes, the majority of whom come from Toronto, with others from such widely-scattered places as St. John, N.B., Three Rivers, Quebec, and Sault Ste. Marie.

The girls stumble out at 6 a.m. and come back tired, hungry but happy, at 6 p.m. after a day of cherry or berry picking, to be revived by the excellent meals prepared by Miss M. Fowler, Miss E. Anderson and a very capable staff—Miss V. McPherson, Miss E. Davis, Miss E. Marshall, and Miss Miss H. Allan.

The Camp Director is Miss Georgia Brown of Toronto; Miss Ruth Bradshaw, also of Toronto, is Labour Secretary.

The girls, however, have their own governing body known as the Camp Council. The officers of this Council are as follows:

President, Trudy Wells; Secretary, Mavis Young; Committee Members—Programme, Isabel Devitt; Sports, Dorothy Knott; Vespers, Shirley Smith; Advertising and Grounds, Jean McDonald; Reporter, Mifford Cook.

Personals

P.O. Bert Norton, R.C.A., Nassau, Bahamas, is home on furlough.

Addison Shaffer, Meadville, Pa., was home over the weekend to attend the 82nd birthday celebration of his mother.

Mrs. M. H. Ayres who has been visiting at Brandon, Man., was called home owing to the sudden passing of James H. Jones, arriving on Tuesday.

Pte. Howard Scott who has been stationed on the east coast has been transferred for a special course at Peterboro. He was home over the weekend with his family.

Obituary**JAMES HASTINGS JONES**

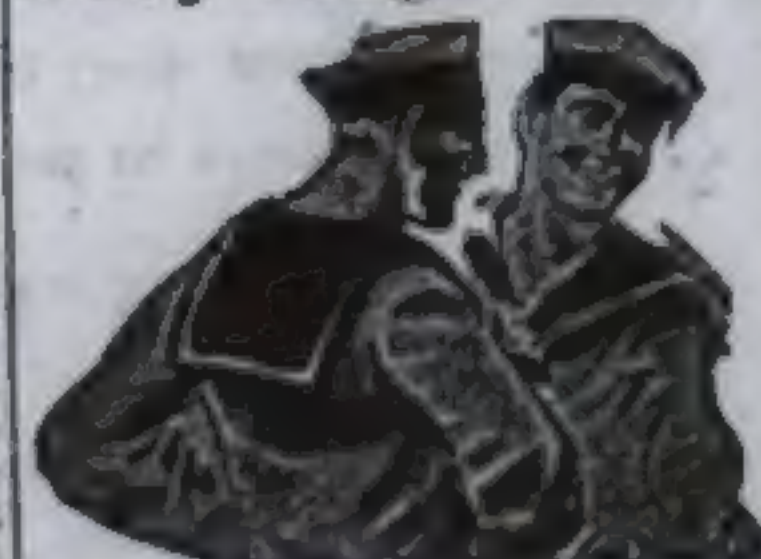

Suffering a heart attack early on Saturday morning, James Hastings Jones, well known fruit grower of this district, passed away later in the day in St. Catharines hospital where he had been removed by Dr. C. W. Elmore.

Deceased who was a nephew of the late James R. Hastings, for many years a prominent businessman and fruit grower of Grimsby, was born in England February 22, 1883 and was in his 62nd year. He came to Canada 45 years ago and settled in Manitoba. About 15 years ago he came to Grimsby and took up fruit growing on Nelles Road. He had not been in the best of health for some years but his sudden passing was not expected and came as a great shock to his many friends.

He was a veteran of the 4th Battalion, C.E.F., of the last war. During the present war he served as a guard at the Welland Chemical plant, giving up this work recently owing to ill health. He was a popular member of West Lincoln branch of the Canadian Legion and of the 4th Canadian Infantry Battalion Veterans' Association.

Funeral services under Legion auspices were held on Wednesday afternoon from the Stonehouse Funeral Home, with Rev. E. A. Brooks of St. Andrew's church officiating. Interment being in the Veterans' Plot in Queen's Lawn cemetery.

Bearers of the flag-draped casket were Cecil M. Bonham, Sam Harris, George Wheeler, Howard Caudwell and two members of the 4th Batt. Association of Hamilton. Last Post was sounded by Sgt. Bugler Wally Phipps.

Navy League News

Shipments of knitted goods to Toronto headquarters, last week, from the local Navy League were as follows: Five square neck sweaters; two turtle neck sweaters; six scarves; two pairs of mitts; one helmet; 22 caps; 28 pairs of socks and 14 pairs of sea boot stockings.

It is getting near Ditty Bag time. Be prepared to fill a Ditty Bag.

Firemen Getting Set For Carnival

Grimsby Fire Department is sparing no pains in their efforts to have just as big a carnival on Thursday and Friday nights, Aug. 3rd and 4th, as the Lions Club had.

The fire ladders have been working nights for the past two weeks constructing new booths for some of their games and working on a new Bingo booth that to all appearances will be as big if not bigger than the one the Lions had. This booth will be a square one whereas the Lions booth was built on octagon lines. It will accommodate 100 players at a time.

Of course the big feature of the Firemen's jamboree is their street dance on Friday night when music will be provided by that old time favorite Gus Creighton and His Canadian Mountaineers.

On Thursday night there will be a special programme of free vaudeville acts that promises to surpass any programme that the Firemen have yet produced.

Keep the dates in mind, August 3rd & 4th, Public Library Grounds, Depot street, Grimsby.

New Figure Beauty

Wear a Su-Lette

under your slimmest frock.

It features a figure-fit back worked with elastic. Latex yarn, that resists perspiration and won't shrink, fade, split, or wear out. Su-Lette is ingeniously designed to prevent sagging, twisting, and riding up, and it washes and irons with the greatest of ease. At long last, here's the "form divine" slip you have always hoped to find.

As the old saying goes "seeing is indeed believing". Prove this to yourself by wearing a famous Su-Lette slip fitted to flatter and cut to create that free feeling.

Holiday heroines are these housecoats by Bards of wrap around or zipper closed styles in gay striped seersuckers . . . 6.50 and 6.95 . . . solid spuns iced with frosty white print . . . 9.95. Also classical crepes for comfort . . . 12.95.

MADE IN CANADA

'CAMMYS' MAIL BAG

Parcel received.

D. R. Heywood,
Stalag, IHD Kdo. 412,
Germany.

I received your cigarettes and was glad to get them.

Our Geo. T. Alban,
England,
May 28th, 1944.

Hello Camm:

Received smokes last Friday. Many thanks to you and all members of Grimsby Chamber of Commerce. My best regards to all.

Spr. H. S. Kehr.

Dear Sirs:

Just a line to thank you very much for the smokes received O.K. Thanks a million for your kindness.

Pla. A. D. Twosock.

Dear Sir:

Received smokes today. All cigarettes received from your fund seem to arrive just at the right time.

I am here in Italy. They are really appreciated. Thanking you a million ways.

I remain,

Stan Relfly.

H.M.C.S. "Monow"

G.P.O., London,

June 21, 1944.

Dear Camm:

I received your very welcome carton of Sweet Caps when we got in last time and needless to say they are most appreciated. It's not only the cigarettes themselves, although, believe me the English, bless them, somehow don't cater to our taste quite as much as they might, but also its always a treat to realize that the old home town is still conscious of your existence. You must have a real job on your hands—everytime I see a paper—which I admit isn't often, I read about somebody from Grimsby doing something in some corner of the earth. Please convey my thanks to the Chamber of Commerce for the excellent work it's doing.

I spent a most enjoyable six weeks ashore in England, standing by this job while it was being built. Managed to get around a good deal—mainly on duty of course—and saw at least part of Scotland, Ireland and Wales since then have seen very little but great stretches of water—which becomes a bit monotonous in time. Right now I'd like nothing better than to gaze at some of Grimsby's famous cherry orchards—and I don't mean at the blossoms.

Thanks again Camm and best regards to yourself.

Sincerely,

Art Ashton.

England,

June 3rd, 1944.

Dear Mr. Millyard:

Just received your carton of cigarettes mailed in Jan. but I believe they went via Italy to my old address which accounts for the delay. Thanks again for your continued good wishes.

We have all been rather expecting something to break here before now but except for the activity in the air there's been no change. All boys are still off so we don't get very far from home.

Definitely nothing of news for the moment so more thanks to you and best regards:

Sincerely,

P. E. Fairbank.

Dear Camm:

Time has slipped by and I find that once again I must thank you for your thoughtful gift. I am sure of the home gang and was sure pleased to receive a Christmas copy of The Independent. It told me more about the home lads than I had heard in some time.

This country is too warm and dirty in most parts for really enjoying life. But those are considerations which we can well overlook these days I guess. I sure look forward to seeing the great land of the Maple and Beaver again sometime.

In the millions of peoples. Their customs and standards of life are indeed strange. The caste system is a study in itself as are the racial problems. Their dress is either the Indian Sari for women, Dhoti for men, or a combination of Indian and European, or in rare cases almost pure European. The Bullock cart is still used extensively as a means of transport. They vary in character somewhat throughout India, though fundamentally they are the same with only two wheels and utilizing a balanced load. They often travel in caravans. I have seen elephants used in the tank forests. The water buffalo is used as the heavy draft animal and Bullocks for the lighter work. When night falls the Jackals come out of the jungle and sure do kick up quite a din. India has quite a variety of wild life.

India's scenery is varied indeed, from the mountains to the plains, "paddy" fields and bamboo forests. Her mountains too are famous the world over.

India's people seem to be born salesmen and sure know how to bargain. Most places sell on the bargaining principle rather than the fixed price. If you are not on you toes you will find that they have "taken you for a loop". But it all goes down in experience and soon one learns the "balkha" method of buying. Like every country India has her art, peculiar to her own style, often with a religious background. Curios and souvenirs of Indian craftsmen abound on every hand, but cash rather limits the amount you can buy for prices are high just now.

In the cities the streets are filled with vendors who sell everything under the sun from flutes to fruit. The cow, sacred to many Indians, walks the sidewalk at will. You respectfully step aside for it. The bazaars are extremely interesting.

The Buffalo Goes to War

BUFFALO which roamed the plains of Western Canada in the days of the pioneer settlers are now a factor in the war effort of the United Nations. At many points along the lines of the Canadian National Railways salvage dumps, as shown above, have been established to which farmers bring the skulls and bones of buffalo as well as moose and elk antlers, some of them long since turned up by their ploughshares. Bones are usable in making ammunition.

Scrap iron and steel from discarded farm machines are also hauled to the railway sidings by farmers and their families to be delivered to the Government scrap depots. This youngster, at right, is busy in the war salvage job at Barradale in Alberta.

to the new comer but become welcome as to the bargaining. Most magicians are old and you pay so much to read them, and you receive the down payment, excess to this, upon returning the "mag."

And so I could go on. But it is such a far cry from the day when you used to be out there "rooting" for us on the old gridiron at G.H. S. And when we all get home we will wear your doorstep down coming in to say thanks in person. And so for now, from way out here to away back there, Hello and thank you all.

Sincerely,

Cpl. Jack Morris

ARMED FORCES RATION CARDS

Servicemen going on leave of longer than 90 hours should receive their ration cards from their units. This is a folder containing one or more sheets of ration coupons. Coupons in this folder are good at any time. The front of this folder must be stamped with the ship or ordnance stamp and signed by the issuing officer.

A serviceman staying at a summer hotel for two weeks or longer must leave his two weeks' ration card with the proprietor.

For short leaves of 48, 72 and 96 hours, the serviceman is given a different type of ration card. It is a yellow card and must be signed by the issuing officer and by the person going on leave. This type of card should be left with the person who has provided meals during the leave. These cards must be taken to the nearest Local Ration Board and exchanged for coupons. The coupons given are based on one coupon for each nine meals served.

A woman can always get another article in hubby's suit case and a man can always squeeze another kid into a Sunday School picnic bus.

VISITORS TO U.S.A.

"Canadians planning to spend their holidays in the U.S. this summer when border-crossing restrictions are more simplified, need not take their ration books out of the country with them," said Fred C. Butt, Ontario Superintendent of rationing.

Upon entry into the U.S. visitors from this country will be supplied with ration points if they apply to the nearest War Price and Rationing Board in the city or town where they are holidaying. Points adequate for the duration of

their stay will be provided, Mr. Butt explained.

"If Canadian visitors plan to remain in the U.S. more than 60 days, they will be given a regular American war ration book, but under the circumstances, they must turn in their Canadian ration book to the authorities here."

"Visitors to the U.S. for more than 60 days may also apply for canning sugar allowance in that country."

There seems to be plenty of '44 calibre politicians.

CLASSIFIED ADS

WE ARE MAKING THE MOST OF WHAT WE HAVE!

There are upwards of 180,000 more Bell telephones in service today than when the war began.

NOW WE ARE "SCRAPING THE BOTTOM OF THE BARREL"

In spite of the most careful use of available supplies, we have had to use up most of the "margins" built into telephone plant. We are working facilities at maximum capacity.

Telephone sets, switching equipment for central offices, and other parts of telephone plant cannot be obtained for civilian use because telephone material is still going to war.

We regret that to the many applicants for residential telephones who are still waiting, as well as those who want telephones and have not even applied, we must say: "Sorry, but we must rigidly conserve

remaining supplies of telephones and materials. We can install telephones for only the most essential service."

So long as the needs of war are our first claim, we shall have to keep on doing the best we can with the equipment obtainable.

Meanwhile, we say "Thank You" for your cordial understanding of our position.

CONTINUATIONS FROM PAGE ONE

MAIN STREET GETS
structed in the vicinities. The awning sits into a well in the upper front.

It is understood that the stores of Miss Jean Love, Case's Meat Market and the Busy Bee will also be remodelled with vitrolite fronts. Clare Rushton has repainted his building. The upper portion being white with blue trim and the lower portion being blue with red stripes.

Hotel Grimsby has been given another coat of paint.

HONESTY PROVES
mediately took the handbag to the ladies in charge of the booth selling tickets. Investigation proved that the bag belonged to Mrs. Dr. V. R. Farrell and it was immediately returned to her.

Major Dave Bell promptly presented Billy with a full book of tickets on the draws. Billy here is where Bill tumbled into wealth. One of his tickets proved lucky and he was the winner of the \$50.00 overcoat. As he really has no use for such a valuable piece of clothing, Major Bell is making efforts to secure a new bicycle for him in place of the coat.

CALLING FOR TENDERS
small private hospital, as one Doctor put it, "anything to give us a place to put our patients."

The Department of Health however have set up standards which must be lived up to, and as they raised the ante on requirements, the Hospital Board has raised their efforts to meet these demands, and the plans now being put into practice have been well thought out, not only for the immediate needs, but provide for such extensions as are bound to follow.

As soon as the contract is let work on the building will be proceeded with and it is expected that the hospital will be ready for occupation early in the autumn.

MANY PROPERTIES
The following properties have just been sold by Winifred Congdon, Realtor:

A very attractive home, with landscaped garden, and 21 acres of fruit, with tractor, and full line of equipment, also another modern home on the property, located on the highway west of Beamsville, has been sold to S. E. Hudson and C. E. Blackmore of Listowel. Vendor Captain Thompson. Mr. Hudson is a former Editor and Publisher of The Beamsville Express.

"51 acres" all fruit with equipment, located on Highway Grimsby by East. On the property there is a new home. Vendor G. A. Hildreth. Purchaser, a local buyer.

"48 acres" all fruit, Beamsville, with buildings. Purchaser, J. Boutin from Val D'Or, Que. Vendor Manufacturers Life Insurance Co., Toronto.

"5 1/2 acres" fruit farm with buildings, and equipment, on the lake, Grimsby East. Purchaser Murray Hildreth, Grimsby Beach. Vendor H. Gillespie.

NAZI PROPAGANDA
their fight against bolshevism." Figures are quoted purporting to show the Allied air war on German industry has failed.

"Under such circumstances," the argument concludes, "There is no hope for you to win the war. Do you want to be sacrificed in vain, causing untold grief at home? Then you'll know what to do. Churchill could offer you nothing, but blood and tears. The German soldier offers you fair treatment, ample and nourishing food and a happy return to your wives and children after the war."

Despite the beating which American bombers continue to give German industry the back page of the pamphlet shows a coffin in the clouds. "No longer Flying Fortresses, flying coffins," is the caption under it.

The sheets are taking the place of daily comic strips, Gen. Murdoch reports, and Canadians look forward eagerly to the next week device of the enemy. Gen. Murdoch served in North Africa, through Sicily and has been in Italy since the campaign started there.

PEACH GROWER
and flips off the fruit as carefully as hand picking.

He has 43 acres of peaches. With four men working with poles he can thin the orchard in six days. By the old method of picking from ladders it would take twice as many workers 30 days, he said.

Johnson is a firm believer in thinning peaches. He believes that spacing peaches is not as important as thinning fruit in relation to the over-all capacity of the tree.

"What we are after is the two-and-one-quarter inch peach which the trade demands," he said. "The tree's capacity to bear two-and-one-quarter inch fruit has to be taken into consideration in thinning even more than spacing the fruit."

Many of Johnson's neighbours adopted his plan of thinning after seeing the results and the trees saved.

"I haven't said much about it because I thought people might laugh at the idea of thinning peaches with a pole and a rubber hose," he said. "But it has worked for me. I believe it is better than thinning them by hand."

LIONS CARNIVAL
paid off and one four way prize, in other words four players all won a prize at the same time.

Hoop-la, Under and Over, Chuck-a-Luck and the other games were all kept busy. White Elephant Girls in charge of the paddle wheel had an excellent play while the refreshment booth and hot dog stand in charge of Miss Ann Crane was rushed to death.

Ticket sales this year on the drawing was the largest the club has ever had, being some hundreds of dollars bigger than ever before, thanks to Major Dave Bell whose indefatigable efforts made it so.

President Irvine Phelps was in charge of the big show this year but he had plenty of behind the scenes help from old experienced showmen like "Sandy" Globe, Stuart Stonehouse and others.

Complete figures of the business done are not yet available but it is expected that the Club will net \$2,500 or better.

Prize winners on the draws were as follows:

\$100. Victory Bond — Miss N. Murray, Grimsby.

Lady's or Gent's Suit, made to measure, value \$50.00—Mrs. James Fisher.

Lady's or Gent's Suit/or Overcoat, made to measure, value \$50.00—Billy Wilson.

Dinners for two people, twice a month, at the Village Inn, for one year.—Mr. H. Miller, Hamilton.

20 Draw Tickets on a house — Arnold Banfield, Toronto.

\$20.00 cash order—Miss Gladys McPherson, Grimsby.

\$15.00 cash order—Walter Moberry, Grimsby.

\$10.00 cash order — Mrs. F. W. Neil, Grimsby Beach.

A pleasing feature of both evenings entertainment was the excellent playing of the Grimsby High School Cadets Bugle Band, under the direction of Band Sgt. Wally Phelps. This organization, which is sponsored by the Lions Club are making steady progress and will soon be one of the best musical outfits of its kind in the Fruit Belt.

ALBERTA MEMBER

Church. Following Mass, a light lunch was served to all present in the Parish Hall, and welcome was extended to the visiting M.P. Anthony Hlynka and to Mrs. Hlynka.

Father Nicholas Kobut O.S.B.M., Superior of the Basilian Fathers' monastery at Grimsby, and chairman at the luncheon, ordered the tables to be cleared and chairs arranged in preparation for a comfortable hearing of Mr. Hlynka's lecture. As a prelude to what was to follow Father Kobut first called upon Mrs. Hlynka, who addressed the audience with such composure and simplicity of style that she immediately won the hearts of her audience. She mentioned the great struggles and suffering now being undergone in Europe and in the Ukraine, and of the necessity of all good Ukrainian Canadians to unite in one common effort towards the goal of speedy victory. Michaylo Holy, Ky, famous Ukrainian tenor, Mr. Peter Seretnyk of Hamilton, Mr. Romanovich, O.S.B.M., Mr. Heltay, prominent cruggist of Toronto, spoke most admirably on the same theme as a prelude to Mr. Anthony Hlynka's speech.

When Fr. Kobut called upon Mr. Hlynka, Mr. Hlynka immediately proved himself an orator of the first order. Mr. Hlynka's theme was "The Foundation Of Our Future." In a discourse, which held his large audience spellbound to the end, Mr. Hlynka called upon the following points: (1) the role of our modern Ukrainian youth in the world of tomorrow, (2) their social, moral and national obligations to their country, and (3) the loyalty and good citizenship which is demanded of all Ukrainian Canadians in united front for victory, (4) the freedom of nations as a basis for lasting peace in Europe.

The applause which greeted Mr. Hlynka's closing words was tremendous. Fr. Kobut called for a collection towards the Ukrainian Soldiers' Canteen Fund for our soldiers in London. The sum of \$40.00 was raised for this purpose

and will be forwarded immediately to London by the Basilian Fathers. Following farewells to his public, Mr. Hlynka, Mrs. Hlynka, Mr. Hlynka's mother-in-law, Mrs. Cholewka of Toronto, Mr. Heltay, Mr. W. Slobodian, Rev. and Mrs. Shumsky, Mr. Wm. Palmer, Mr. Fred Wisniewski and other well known personages were guests of

Saved, Salvaged For Overseas Duty

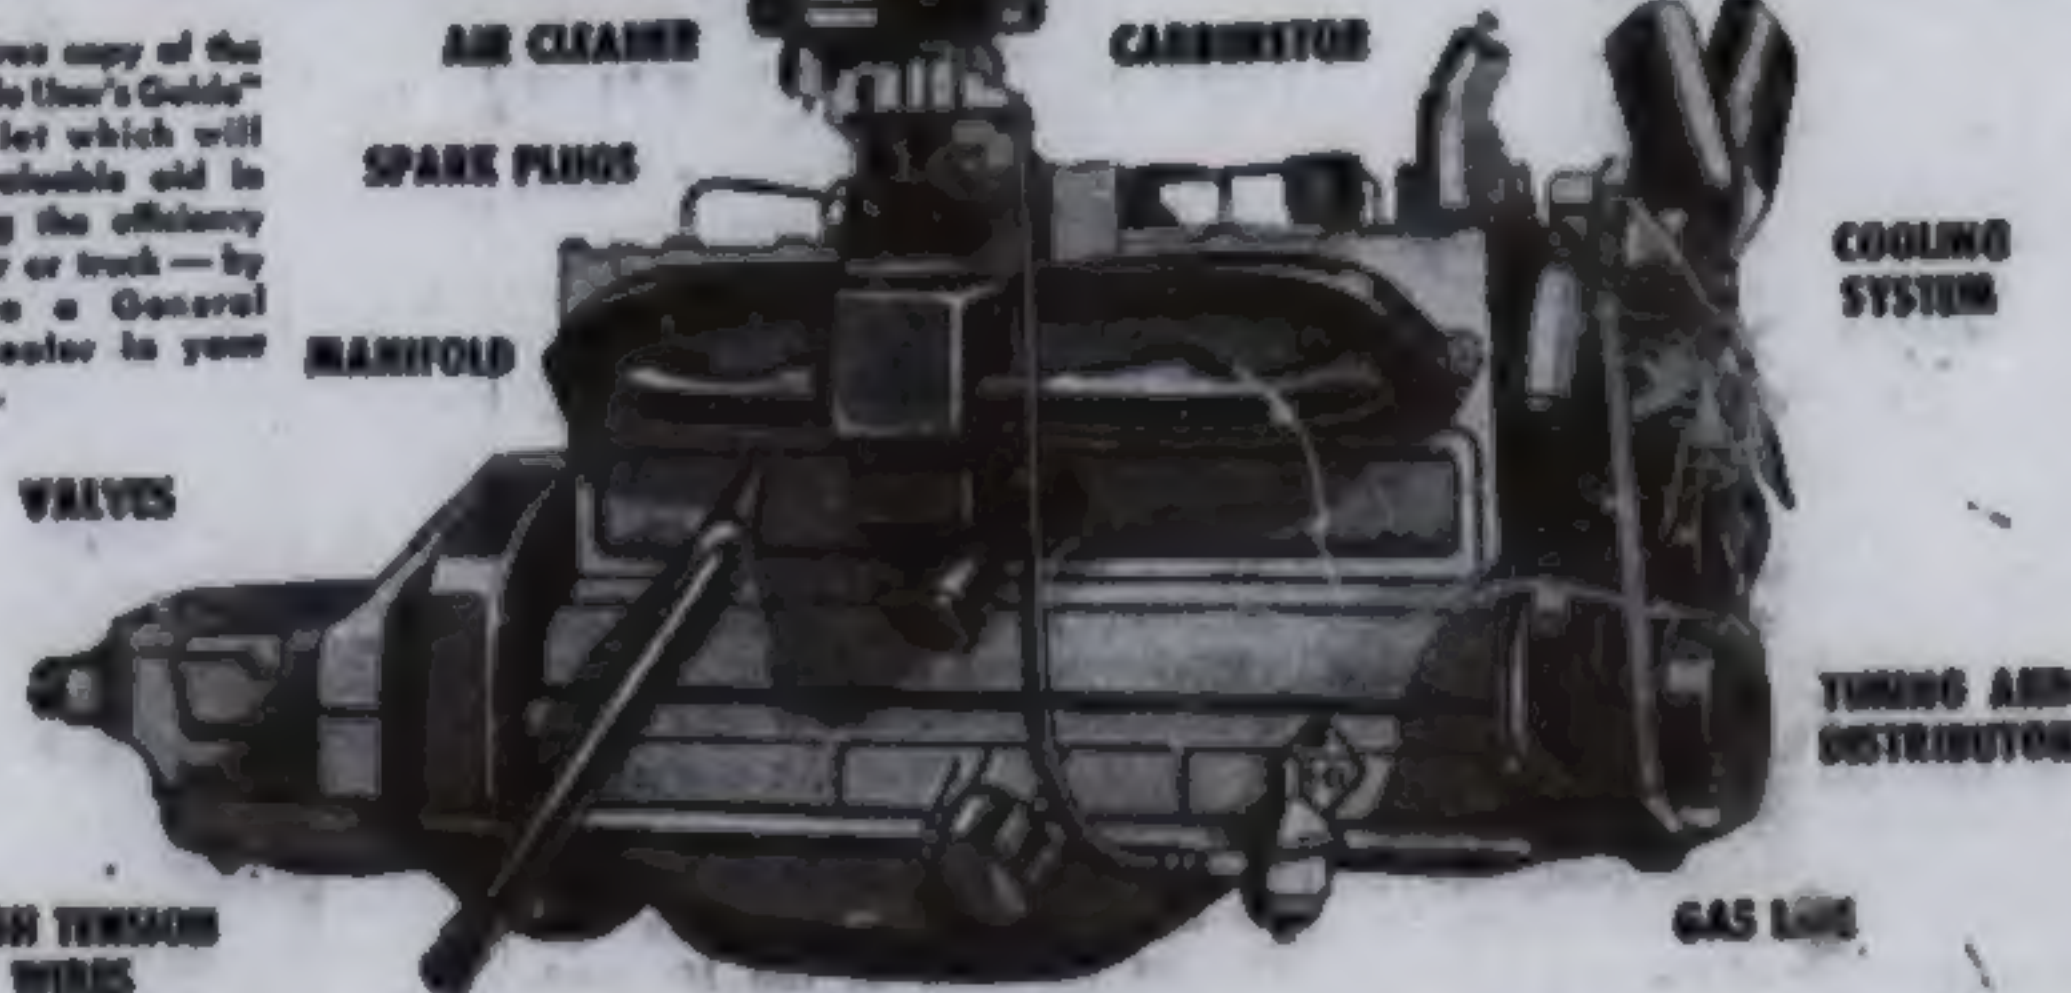

Canadian boys with toes well dug into the soil of France are relying on supplies sent across the Channel . . . supplies that may be packed in reprocessed Canadian salvage. Every bit of wastepaper, every piece of cardboard, every bag or carton that thinking Canadians have saved for salvage is being used for some important job like this. Left, paper

for salvage is carefully tied together and left outside the house on collection day. Right, at the paperboard factory the paper salvaged in the morning is often reprocessed the same day. Huge bales of newspaper, assorted cards and used paperboard, with a percentage of "sulphate" are mixed in giant beaters.

THERE MAY BE
9 GAS LEAKS
IN YOUR ENGINE!

Obtain a free copy of the "Automobile User's Guide" — a booklet which will prove a valuable aid in maintaining the efficiency of your car or truck — by writing to a General Motors Dealer in your community.

"More Miles from Fewer Gallons"

At 22 m.p.g. — 120 gals. of gas will give you 2640 miles.
At 18 m.p.g. — 120 gals. of gas will only give you 2160 miles.

Make your restricted gasoline ration give you more essential driving miles by keeping your car or truck engine operating efficiently.

See a General Motors Dealer today for Specialized Engine Tune-up Service which will help you:

- Save gasoline—stretch your essential mileage.
- Extend the life of your car or truck.
- Obtain better performance—save money.
- Prevent costly repairs.

This information is made available to you, the owners of Canada's cars and trucks, not only to help in the saving of vital fuel, but to assist you to conserve your vehicles, and to safeguard against a breakdown of the country's automotive transportation up to and even beyond the day of victory!

ALWAYS GO TO A GENERAL MOTORS DEALER FOR

Our CONSERVATION SERVICE Will Help You Too

- Save Gasoline and Oil by: Engine tune-up which includes inspection and adjustment of distributor and timing—spark plugs—carburetor and air cleaner—fuel lines—valves—magneto—generator—starter—battery—wiring and cooling system.
- Avoid Engine Failure by: Having sludge removed from your engine . . . Making the necessary adjustments to combat its formation.
- Stretch Your Tire Mileage by: Maintaining proper tire pressure . . . Tire rotation every 2,000 to 3,000 miles. (Passenger cars and light trucks) . . . Regular inspection of wheel alignment and balance—brakes and shock absorbers.
- Prevent Damage to Body and Fenders by: Repainting and retreating damaged or chipped surfaces . . . Washing body as required to preserve the finish and to keep drain holes open on a protection against early rust damage.
- Extend the Life of Your Car or Truck by: Regular lubrication (at least every 60 days) . . . Minor inspection and adjustment (every 1,000 miles).

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Firemen's Carnival, Aug. 3 & 4.
St. Joseph's Garden Party, Aug. 18 & 19.

Civic Holiday in Monday, Aug. 7th.

Hydro Commission meets next Tuesday afternoon.

Quite a number of local Masons were in Toronto on Wednesday attending Grand Lodge of Ontario of the A.F. & A.M.

Metal Craft Co. will close down from August 5th to August 14th, in order that their employees can have a week's vacation from their arduous labors.

C. H. Runkton sustained a severe laceration to his right hand on Friday when a soft drink bottle exploded as he was removing it from the cooler in his store.

Public Relations Officer of M.D. No. 2, announces the promotion overseas of Capt. J. Arthur Biggar, of Grimsby, serving with the R.C.A., to the rank of Acting Major.

Winona Patriotic Association will hold their annual summer carnival on the public school grounds, at Winona on Wednesday, August 9th. There will be drawings for valuable prizes, Bingo and other games.

George Gledhill, of Grimsby Garage received a letter last Saturday morning from his son L.A.C. "Bill" Gledhill, R.C.A.F., that was posted in France on July 11th. Being received in Grimsby on July 15th, bespeaks very fast mail service.

Severely cut on the right arm by broken glass while responding to a fire alarm some weeks ago, Fire Chief Alfred LePage underwent an operation at the Hamilton General Hospital this week to have pieces of glass removed from the arm at the elbow. It is believed that he will recover full use of the arm in a short time.

David Nickerson, Smithville, charged with threatening to kill his brother-in-law, John McIntyre, Smithville, was placed on suspended sentence and warned to keep order in Magistrate Campbell's court. The accusation followed a squabble over family affairs. Provincial Constables Ed. Priest and Elmer Bowen investigated.

Ontario high schools will open Sept. 5, it was stated Wednesday by the Ontario Department of Education, but any secondary school board may postpone the opening date up to a month later if the number of pupils engaged in special work makes this necessary. This work includes harvesting, preserving, processing and canning and boards must notify the department of any extension.

Construction work on the new west end water main in North Grimsby township and the installation of services will be completely finished up this week, including the wetting down and grading of the long trench. Temporary tests of the system were made last Friday but more complete tests will be made within a few days. To date the tests prove that the new main is highly satisfactory.

Ten applications were considered by the Lincoln County Pension Board's 11th meeting at the county building Thursday afternoon. Seven applications for old age pension were recommended; one was laid over for further consideration; and one was not recommended. One application for mothers' allowance was recommended. Present at the meeting were Chairman George Healey; Walter H. Sheppard, Queenston; George Montgomery, Clinton Township; Mrs. W. H. Groce, Grimsby; Mrs. Thompson Wilcox, Smithville and Secretary Miss Jean Davidson.

Wounded

Word has been received by Mrs. John McClelland, Grimsby Beach, that Trooper Ernie Collins, a former Beach resident, was wounded on the first day of D Day invasion, and is convalescing in the hospital in England.

Mr. and Mrs. William Prevost, Gibson Avenue, Grimsby, received official notification on Saturday that their son, Pte. Bernard Prevost, 19, member of an infantry unit, has been wounded in action. Previous to enlistment he was an employee of Case's Meat Market.

Another son, Pte. William Prevost, recently suffered a broken kneecap in an accident while training in England.

Official notification was received on Tuesday night by Mr. and Mrs. Wm. Lyon, of Bartonville, former residents of Grimsby, that their son Pte. C. Lyon had been wounded in action on July 18th, no other particulars were given.

Mrs. Robert Hunt of Hamilton has received word that her husband, Spr. Robert Hunt, former Grimsby boy and son of Sam and Mrs. Hunt of Brantford, was wounded in France on July 8th, but is able to stay on duty with his unit.

Proper Invoices For Fruit Sales

TORONTO, JULY 19 — "All persons selling fresh fruits and vegetables to wholesalers and retailers must provide proper invoices at the time sales are made," F. L. J. Seldon, regional prices and supply representative, War-time Prices and Trade Board pointed out today.

"These invoices should show the name and address of the buyer and seller, date of sale, quantity sold, price charged and description of container," he said. "Duplicate copies of these invoices should be kept so that they are available for inspection by an authorized representative of the Price Board at any time within 12 months after the date of the sale."

In the case of fresh vegetables, such as onions and cabbages where W. P. T. B. regulations require weight to be given, it is necessary that this be stated clearly, he said. Mr. Seldon explained that the keeping of invoices was necessary under W.P.T.B. regulations to enable enforcement officers to investigate any complaints of evasion of ceiling prices and thus to protect both the buyer and the seller.

Spray Calendar

PEACHES

(1) Third Regular Spray—to prevent brown rot and scab.

Spray each variety 3 to 4 weeks before you pick it. Use a wettable or flotation sulphur. (No poison).

The following are average dates for applying this spray on the various varieties at the Horticultural Experiment Station.

July 26—Spray varieties ripening in Golden Jubilee, Rochester, Vedette season.

August 8—Spray varieties ripening in Haleshaven, Valiant, South Haven, Veteran season.

August 18—Spray varieties ripening in McGuigan, Early Elberta, J. H. Hale, Elberta season.

These dates must be varied according to the season and to take care of differences in ripening dates in the different parts of the peninsula.

(2) Fourth Regular Spray—to prevent brown rot.

Spray with a pre-pick wettable sulphur or dust with sulphur just before picking.

This will help to prevent rot developing on ripening fruits and after picking.

PLUMS

Fourth Spray—to prevent brown rot.

Spray varieties subject to rot with a wettable or flotation sulphur 2 to 3 weeks before picking.

Fifth Spray—to prevent brown rot.

Spray with a pre-pick wettable sulphur or dust with sulphur just before picking.

Fruit Thieves Get Sentenced

Three tobacco farm workers from the Cortland district pleaded guilty before Magistrate Campbell on Thursday to charges of stealing fruit and tractors. They were remanded in custody until Tuesday of this week.

The trio, John Macdonald, Walter Kosak and Mike Brown, were arrested recently by Provincial Constables Elmer Bowen and Edward Priest, Grimsby, fruit and tractor thieves.

The loot included 30 baskets of cherries from Andrew Brown of Murquhart, and tools valued at \$10 from the Woolverton Farm, all in North Grimsby Township.

The culprits appeared in Magistrate Campbell's court on Tuesday morning and all told faced nine counts. They were each given four months on each count, the sentences to run concurrently.

FARMERS TO RECEIVE LADDERS

Every consideration will be given fruit growers and other farmers when they apply for permits to buy ladders needed by them.

A recent order of the W.P.T.B. stopped the sale of wooden extension ladders and wooden step ladders over seven feet in height except under permit from the administrator of wood products.

As soon as the supply of new ladders is sufficient to meet the demand the permit system will be abolished.

A big shot is seldom caught short on ammunition.

Mountain Boys Play Good Ball

At the Public School grounds on Thursday night, Grimsby Mountain defeated St. George 40 by the score of 9 to 2. The win moved the Grimsby team into a tie for first place. The score was tied until the seventh inning when Grimsby scored four runs, and then grabbed two more in the eighth.

Batteries — Grimsby Mountain, Fox and Morrice; St. George — Whitfield, Baker and Coy.

POWER MACHINES USE GROWING IN POTATO CULTURE

Co-operative and custom use of machinery for the culture and care of the potato crop is fast becoming popular throughout Ontario. In 1943, seventeen power dusters operated on a custom basis. This year, 115 machines will be used on this basis, with each purchaser agreeing to protect a minimum of fifty acres of potatoes from himself and by contract with his neighbour. Likewise, several groups of growers are operating on a somewhat similar basis in the use of power sprayers.

With the shortage of labour and machines, growers are finding that the community basis for the use of machinery is a favourable arrangement.

With efficient use of a power machine and proper materials, such insects as flea beetles, leaf hoppers and potato beetles can be controlled and at the same time prompt protection given against late blight diseases which each year cause losses amounting to many thousands of dollars.
